Funeral Mass of

*Mary V. Schuster*

Saint Patrick's Church, Huntington

*I'd like the memory of me to be a happy one.  
I'd like to leave an afterglow of smiles when life is done.  
I'd like to leave an echo whispering softly down the ways,  
Of happy times and laughing times and bright and sunny days.  
I'd like the tears of those who grieve, to dry before the sun;  
Of happy memories that I leave when life is done.*

Our family would like to express our gratitude for your love and support of Mary while she was living and for being with us today to celebrate her life now that she has gone home to be with God. Your kindness will remain with us always.

- The Pulizzotto Family

*Mary Vincent Schuster*

1926 - 2022

Alongtime resident of Huntington Bay passed away on February 16, 2022, at the age of 95, one day shy of her 96th birthday. Mary was a ground breaker in many ways, she earned a bachelor's degree in chemistry from Mount St. Vincent College and later became one of the first female perfumers in the industry. In 1959, she married the love of her life Richard Schuster. They shared a love of sailing. They moved to Huntington Bay in 1969 and never left. Mary lost Richard to a heart attack in 1978. She decided to continue racing their sailboat "Coconut" and became the first female member of the Lloyd Harbor Yacht Club. She often raced with all female crews, taking home many trophies. She took an all-female crew to the re-dedication of the Statue of Liberty in Manhattan in 1986. She was written up in a national sailing magazine. She also gave of her time, volunteering at the Community Thrift Shop. She also loved playing Bridge with her friends. Mary remarried in 1995 to Oscar Muller, a longtime family friend, who predeceased her in 2001.

Family was most important to her. She adored being with her daughter, Edie and son in law, Frank and their children, Mary Frances, Jessica and CR. She also adored her Miniature Schnauzers Jasmine, Violet and Lilly. She is also survived by her brother, Joseph Vincent, of Florida. She came from a large family of seven siblings (all others predeceasing her) Katherine, Brian, Kieran, Robert, and Gerard. Kieran was killed in WWII. A loss that was always with her. She is also survived by many nieces and nephews that she loved dearly.

# THE BASIC NEEDS OF Don't Starve

## Sanity is restored by...

- Eating high sanity **FOODS**  
Cooked green caps, Jerky, many crockpot dishes provide small amounts of sanity.
- Collecting sanity **ITEMS**  
Picking flowers, making bed rolls for sleeping and prototyping items give sanity.
- **WEARING** sanity clothing  
Clothing such as the Bee Queen Crown, Top Hat and the Garland regenerate sanity.

SANITY

## Health is restored by...

- **CRAFTED** ITEMS  
Using a science machine, alchemy engine and a prostheticator can unlock additional crafting recipes in the healing lab.
- **RAW** ITEMS  
Spider glands can heal for small amounts of health. Petals heal very small amounts of health, but are very easy to find.

HEALTH

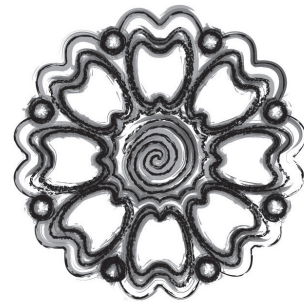

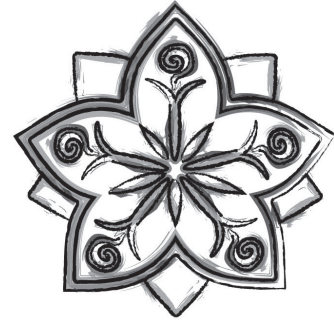

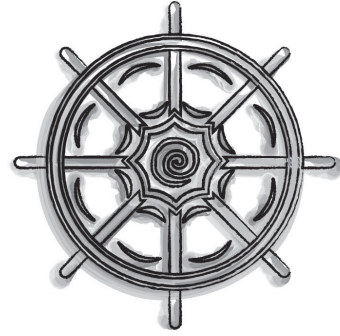

## Hunger is restored by...

- Eating **RAW** food  
Uncooked foods heal small amounts of hunger, sometimes give some healing.
- Eating **COOKED** food  
Cooked foods often give more hunger points than raw food and remove the SANITY loss.
- Making **CROCKPOT** dishes  
Food prepared in a CROCKPOT provides HUNGER, HEALTH and SANITY restoration.

HUNGER
